## Get the answers you need.

Whether you're looking for information about medical benefits, seeing a specialist, choosing a doctor, or finding the right form or document, you can call Member Services at **1-800-701-9000 (TTY: 711)** or get the answers you need on our website:

**thpmp.org**

# What to Do First

## Tell us about any special situations

We want your transition to your new plan to be easy. If you are currently undergoing treatment for a condition or have any upcoming appointments, call Member Services at **1-800-701-9000 (TTY: 711)** as soon as possible. Special situations to let us know about include if you have a scheduled surgery or hospitalization, need to see a specific specialist or psychiatrist, are currently working with a Care Manager, or live in a nursing home.

## Activate your secure online account

Your secure online account is the easiest way to get the most out of your plan:

- **24/7 online access**—Check your claims and referrals anytime
- **Secure payments**—Easily pay your monthly premium
- **Go paperless**—Get documents electronically instead of by mail

Creating a secure account only takes a few minutes. Once you receive your ID card, go to [thmp.org/registration](https://thmp.org/registration) to set up your account.

**Note:** For the best experience, use a desktop computer to register—some features may not be accessible from a mobile device. For more details on how to navigate your secure online account, view our more comprehensive guide at [thmp.org/account-guide](https://thmp.org/account-guide).

### To activate your online account, follow these simple steps:

1. Visit [thmp.org/registration](https://thmp.org/registration).
2. On the registration page, enter your member ID number (found on your member ID card), and your date of birth.
3. Answer security questions so we can verify your identity.
4. Enter your email address and password, enter your mobile phone number (optional), choose your three security questions, and choose your site key image and security phrase.
5. Make your selections for eDelivery. If you would like to view your plan documents electronically instead of receiving them by mail, go to "eDelivery Preferences" under "My account" and make sure you select "Electronic" for each option.

## Choose your doctor

Your doctor, also referred to as your primary care provider (PCP), oversees your care. If you haven't already given us your PCP selection, use the search tool on our website at [thmp.org/doctor](https://thmp.org/doctor) to find a PCP in your area. You can make your selection in your online account (see left). You can also call Member Services at **1-800-701-9000 (TTY: 711)**, and we'll be happy to help you search for and select a PCP.

## Schedule your physical and Annual Wellness Visit

Seeing your doctor each year is one of the most important ways to stay healthy. Your plan makes it easy by covering you for both a physical exam and an Annual Wellness Visit. These checkups are different but are equally important. Having both each year is recommended. And they can be done at the same visit. Just ask to schedule them together when you make your appointment. You pay \$0 for both an annual physical and an Annual Wellness Visit. For complete coverage details, see your Evidence of Coverage (EOC) booklet on our website at [thmp.org/documents](https://thmp.org/documents).

For an easy way to get more from your next appointment, use the Doctor Visit Book to remember your questions, review your medications, and more. Find it on our website at [thmp.org/doctor-visit-book](https://thmp.org/doctor-visit-book).

## Pay your monthly premium

Your plan premium is the amount you pay each month to be a member of a Tufts Health Plan Medicare Advantage (HMO) plan. Payment for your premium bill is due on the 15th of each month. To make paying your premium easier, you can:

- **Pay online**—Sign up for a secure online account and pay your premium online. Details are on page 4. Sign up at [thpmp.org/registration](https://thpmp.org/registration).
- **Pay automatically (set it and forget it)**—You can have your monthly premium automatically and securely deducted from your checking or savings account each month by signing up for Electronic Funds Transfer (EFT). There is no charge to use EFT. To sign up, fill out the EFT form on page 37.
- **Pay from your Social Security check**—If you would like to have your monthly premium taken out of your Social Security check, call Member Services at **1-800-701-9000 (TTY: 711)** and we'll be happy to set it up for you.

## Give someone permission to talk about your benefits for you

Did you know if your spouse or family member calls us, we will not answer any questions about your coverage in order to follow state and federal privacy laws such as HIPAA (Health Insurance Portability and Accountability Act)? But you can give someone the ability to discuss your benefits on your behalf with the HIPAA Authorization to Disclose Protected Health Information Form or the Designated Representative Form on page 35. Return your completed form and supporting legal documentation (if applicable) to us via fax or via mail. Instructions for how to submit are on the form on page 36 or at [thpmp.org/designated-rep-form](https://thpmp.org/designated-rep-form).

## Fill out and return your health survey

We will contact you about filling out the Health Risk Assessment survey during your first month as a member of a Tufts Health Plan Medicare Advantage (HMO) plan. This survey takes less than 15 minutes and helps us to understand your health history so we know how our care management or health programs may be able to help you.

## Use your ID card

You will receive your Tufts Health Plan ID card by mail. Remember to always bring your ID card to your doctor appointments. If you haven't already received your ID card, you should receive it soon. Find the name of your plan in the upper left of your ID card. This will help you determine which benefits listed in this kit apply to you.

## Sign up for MyWire texts

MyWire makes staying informed easier by securely connecting you to plan information, exclusive member discount details, health tips, and more through text messages. There is no cost for you to use MyWire and you'll get more out of your plan. To sign up, visit [thpmp.org/mywire](https://thpmp.org/mywire).

# How Your HMO Plan Works

## **You're protected by an out-of-pocket maximum**

Your plan has an out-of-pocket maximum that limits how much you spend on medical costs in a year. This is one of the advantages of your HMO plan. For the out-of-pocket maximum amount of your plan, see the chart on page 28.

## **There is a network**

Your plan is a Health Maintenance Organization (HMO) plan. In an HMO plan, there is a network made up of doctors, specialists, hospitals, and pharmacies. Your plan offers coverage for services you get within the network. It's important to remember, in most cases, if you get care from a doctor or facility out of our network, you will not be covered. (This does not apply to emergency or urgent care. You are covered for emergency and urgent care anywhere in the world.)

## **Your doctor oversees your care**

In your plan, you choose a doctor to be your primary care provider (PCP). Your PCP provides routine checkups, preventive care, and treatments for common illnesses. Your PCP is responsible for coordinating all the care you receive. This includes referring you to a specialist for services your PCP can't provide. Only your PCP can refer you to a specialist. This way, your PCP knows all the care you are getting and can make informed decisions about your health. By coordinating your care, your PCP can also help you avoid unnecessary expenses such as duplicate tests and identify safety concerns such as harmful drug interactions.

## **You need a referral to see a specialist**

In your plan, you need a referral from your PCP in order for the specialist visit to be covered. If a specialist refers you to another specialist, you would need to check with your PCP first. Only your PCP can refer you to a specialist. By issuing all your referrals, your PCP is able to make sure you get the care that is right for you.

## **Your doctor has a referral circle**

A referral circle is the team of specialists your PCP works with. Not all Tufts Health Plan physicians are included in your PCP's referral circle. This means you are only able to see a specialist within your PCP's referral circle. Your PCP must give you a referral before you can see a specialist. The index of the Provider Directory lists PCPs and specialists by medical group. The "Specialists by Medical Care Group" section in the Provider Directory tells you which specialists and facilities are in your PCP's referral circle. The Provider Directory is available on our website at [thpmp.org/documents](http://thpmp.org/documents).

## You share the cost of your benefits

In most cases, when you use a medical service (such as seeing your doctor or a hospital stay) you pay a copay or coinsurance. A copay is a set amount that covers a portion of the service cost. For example, you might pay \$10 to see your doctor. Coinsurance is a percentage of the cost you pay when you receive certain services. For a list of what you pay for medical services, see the chart starting on page 28.

## Our Care Management team is available to help you

Our Care Management team, which consists of health experts who assist in coordinating care and managing any health or social concerns, is available to help you navigate the health care system. Our Care Management team works closely with your doctor and can help you if you get sick, have an injury, or are just looking for ways to stay healthy. From providing assistance if you have concerns about food, housing, or transportation to medical appointments, your Care Management team is there to support you. They can also help you prevent return trips to the hospital and answer any questions or concerns you might have. Our goals are to work with you, your providers, and your family to enhance the coordination of your care and help manage your medical, mental health, emotional, and social needs. Our Care Management team may contact you or you can call Member Services at **1-800-701-9000 (TTY: 711)** for more information about working with our Care Management team.

# How to Get Care

## During regular office hours

Call your PCP to get a checkup, make an appointment, get a referral to a specialist, and ask general questions about your health.

## After regular office hours

For non-emergency situations when your PCP's office is closed, call your PCP and a physician on call will help you.

## In an emergency

**If you believe your health is in serious danger**, call 911, or go to the nearest emergency room or hospital. You do not need to get approval or a referral from your PCP if you have a medical emergency.

**If your health is not in serious danger** but you need medical care right away, call your PCP. If you are unable to see your PCP, you are covered for urgent care provided by any doctor. You do not need a referral from your PCP for urgent care, but whenever possible, you should see your PCP.

## When traveling

You are covered anywhere in the world for emergency or urgent care. You can be outside our service area for up to six consecutive months and still be covered for emergency or urgent care. When traveling, you do not need a referral from your PCP before getting emergency or urgent care.

Routine care, such as a physical, is not covered outside our service area, so remember to schedule routine care before or after your travel plans. Our service area is the state of Massachusetts except for Berkshire, Franklin, Dukes, and Nantucket Counties. Our plan cannot cover a prescription drug purchased outside of the United States and its territories.

If you receive emergency or urgent care when traveling, you may need to pay out of pocket. Simply save your receipts and call Member Services at **1-800-701-9000 (TTY: 711)** for reimbursement details.<sup>1</sup>

# Exciting Benefits That Help You Save

Make sure to take advantage of these great benefits that offer excellent savings while helping you stay healthy!

## Save on programs that help you stay healthy

Your Wellness Allowance and Weight Management reimbursement benefits help you lead a healthy lifestyle and save:

- **Wellness Allowance**—You can get reimbursed up to \$150 each year toward membership fees in instructor-led exercise classes and personal training sessions at a gym or fitness center (Includes fitness studios, health clubs, year round pool facilities or community/senior centers), fitness tracker purchase (one per year), subscription to online fitness classes such as Peloton, alternative therapies, massage therapy, home fitness equipment, and more.<sup>2</sup> For details, see your Evidence of Coverage (EOC) booklet available at [thmp.org/documents](http://thmp.org/documents), or visit [thmp.org/wellness-allowance](http://thmp.org/wellness-allowance).
- **\$150 Weight Management reimbursement**—Reach your weight loss goals with up to \$150 toward the program fees of Weight Watchers® or hospital-based weight loss programs!<sup>3</sup> For details, see your EOC booklet available at [thmp.org/documents](http://thmp.org/documents).

## Get up to \$150 toward eyewear

You can get up to \$150 (with providers in the EyeMed network) or \$90 (with providers not in the EyeMed network) toward the full retail price (not sale price) for eyeglasses, prescription lenses, frames, and/or contact lenses—including upgrades (i.e., non-standard frames and/or lenses) for Medicare-covered and/or therapeutic eyewear as well as routine/corrective eyewear. Discounts cannot be combined.

EyeMed Vision Care is the network provider we use to provide your eyewear benefit. The EyeMed network includes more than 26,000 eye care providers, including national chains such as LensCrafters®, Pearle Vision®, and Target® Optical. For details, go to [thmp.org/eyewear-benefit](http://thmp.org/eyewear-benefit).

## Save on insulin

If you use insulin to manage your diabetes, you will be pleased to know that you won't pay more than \$35 for a one-month (30-day) supply of insulin products covered by our plan when used in an insulin pump.

## Hearing aid benefit can save you thousands

With your hearing aid benefit, you can choose from 5 levels of hearing aids—from Standard level to Premier—with copays ranging from \$250 to \$1,150 for each hearing aid. You're eligible for up to 2 covered hearing aids per year, 1 hearing aid per ear. You're also eligible for a \$0 hearing aid evaluation once per year. Hearing aids and hearing aid evaluations must be with a Hearing Care Solutions (HCS) provider. To be covered, the hearing aids must be on the HCS formulary and purchased through an HCS provider. Schedule your evaluation by calling an HCS representative at **1-866-344-7756**. For more details, visit [hearingcaresolutions.com/tuftshealthplan](https://hearingcaresolutions.com/tuftshealthplan).

## You pay \$0 for health screenings

Getting regular screenings is one of the best ways to stay healthy. Screenings help find illness or disease before you feel sick. You pay a \$0 copay for many screenings, such as a physical exam, breast cancer screening, cholesterol screening, glaucoma screening, prostate cancer screening, and many more.

## You won't pay more than \$10 to see your PCP

Many services that you see your primary care physician (PCP) for cost \$0, such as an annual physical. But seeing your PCP for a general appointment has a low \$10 copay. This helps make it easier for you to see your PCP if you need to. Most of your benefits have set copay amounts to make it easier to know exactly what a service will cost you. For a list of copay amounts, see the chart starting on page 28.

## Stay fit with SilverSneakers® (Worcester County only)

Members in Worcester county, your plan includes a SilverSneakers benefit at no additional cost.

SilverSneakers gives you access to 15,000+ gyms nationwide, trained instructors, classes and health and nutrition tips with exercise videos. At-home exercise kits are available for SilverSneakers members, including those who have a disability, are recovering from a medical procedure or illness, live in a rural area or experience traffic difficulties and can't make it to a fitness center. For details, visit [SilverSneakers.com](https://SilverSneakers.com), or call SilverSneakers at **1-888-423-4632 (TTY: 711)**.

\*The following statement does not apply to this plan: "If a member chooses a porcelain/ceramic crown, porcelain fused to high noble metal crown, or a titanium/titanium alloy crown, the maximum allowed by the Plan will be for the less expensive alternate treatment which is the porcelain fused to predominately base metal crown and the member will be responsible for the difference between the two crown procedures."

## Dental benefit FAQs

### Which dentists participate?

The dental network is provided by Dominion National. To utilize your dental coverage, you must use a dentist in the Dominion PPO Network. Dominion National provides you with access to hundreds of participating dentists.<sup>11</sup>

To view the list of participating dentists in the Dominion PPO Network, go to [thpmp.org/dentist](http://thpmp.org/dentist).

### Will I get an ID card in the mail?

If you have embedded dental coverage or decide to add dental coverage to your plan, you will receive a Dominion National ID card by mail to use for your dental coverage. If you don't receive your card within 3 weeks of joining the plan, call Member Services at **1-800-701-9000 (TTY: 711)**.

### Which services are part of a routine checkup?

Services include a cleaning, periodic oral evaluation, and sometimes bitewing X-rays. A comprehensive oral exam only occurs for a new patient or to evaluate an issue.

### How can I determine whether a dental service will be covered and what the cost will be?

We recommend asking your dentist to submit a pre-treatment estimate to Dominion National before your treatment begins. The dentist can submit the exact services or procedures they plan to provide in your treatment plan and Dominion National will respond with confirmation of whether the service will be covered and the estimated out-of-pocket cost you will be expected to pay.

- The pre-treatment estimate will be reviewed, and an estimate statement will be issued to you or the provider. The statement will include details of the services that will be covered by your plan along with your estimated responsibility and potential payment to the dental office.
- The pre-treatment estimate is based on eligibility and benefits available at the time it is processed. A pre-treatment estimate is not required to obtain care.

- A pre-treatment estimate is not a guarantee of payment. The claim for services performed will be based on eligibility and available benefits at the time it is submitted for payment. Other procedures performed, especially in the same area/quadrant/tooth, could affect the actual claim determination/payment.

### **What is the difference between simple extractions and surgical extractions?**

A simple dental extraction is the procedure of removing teeth that are visible and easily accessible. In contrast, surgical dental extraction often involves an incision to get access to the tooth to be removed.

### **What is the difference between an inlay and an onlay?**

Inlays and onlays use the same materials as crowns and they both serve the same function, but they cover different areas of the tooth when there is tooth decay. The difference between an onlay and an inlay is that an onlay will treat the cusp, whereas an inlay only restores the area between the cusps.

### **What is the difference between silver fillings and white fillings?**

Fillings can be performed using either composite (tooth-colored/white) or amalgam (metal/silver) restorative materials.

### **What is bone grafting and guided tissue regeneration?**

Bone grafting and guided tissue regeneration are two separate but related procedures that your dentist can use to save natural teeth from failing due to the loss of healthy tissue from gum disease. By regenerating the lost bone and tissues surrounding a tooth, these restored structures will create the protective, strong foundation a tooth needs to remain healthy long term.

### **How do I know which types of crowns are covered with my plan?**

Crowns can be manufactured from a variety of materials, such as high noble metals, base metals, porcelain fused to metal (PFM) and ceramic compounds. Your dental plan covers crowns manufactured with porcelain fused to predominantly base metal. You and your dentist may still choose a crown made from more costly materials, but you will be responsible for the difference in cost between the predominantly base metal crown and the crown of your choosing (does not apply to Tufts Medicare Preferred Dental Option). If you would like a better estimate of your payment, we urge you to ask your dentist to submit a pre-treatment estimate.

## Dental Glossary

### Apicoectomy

The removal of inflamed gum tissue and the end of the tooth's root, while leaving the top of the tooth in place.

### Bitewing X-rays

Provides details of the upper and lower teeth in one area of the mouth. Each bitewing shows a tooth from its crown (the exposed surface) to the level of the supporting bone. Many dentists include bitewing X-rays as part of routine diagnostic care.

### Bone grafting

Bone grafting is a surgical procedure that uses transplanted bone to replace missing or damaged bone in your mouth. If you're getting a dental implant, you may also need a bone graft because it provides additional support. The bone graft is performed first, and you'll need to wait 3 to 4 months for it to heal before getting the implant. Please note that implants are not covered with your dental plan.

### Comprehensive oral exam

Performed by a dentist when evaluating a patient. Applies to new patients or established patients who have had change in health or have been absent from treatment for three or more years.

### Front teeth

Includes canines and all teeth in front of canines.

### Full mouth debridement

The removal of plaque and tartar that interfere with the ability of the dentist to perform an oral examination. This is the most extensive cleaning procedure.

### Guided tissue regeneration

Guided tissue regeneration is a procedure designed to remove infected soft tissue in your mouth, while stimulating the regrowth of healthy gum tissue.

### Inlays

A dental inlay is a pre-molded restorative filling fitted into the grooves of your tooth. It restores cavities that are centered in your tooth instead of along the outer edges or "cusps."

### Maximum allowable charge/Allowed amount (MAC)

Amount that is negotiated with providers in the Dominion National dental network. This is the maximum allowed amount you can be charged for a service. For services with coinsurance, the amount you pay is calculated by multiplying the coinsurance rate with the MAC.

### Onlays

An onlay is a treatment, like an inlay, which restores the cusp(s) of the tooth. The cusp (or cusps) of the tooth refer to the angled topmost surface of the tooth. Canine teeth have a single cusp, while bicuspids have two and molars may have four or five.

### Periodic oral exam

Exam performed by a dentist as part of a routine checkup.

### Periodontal cleaning

Like a regular teeth cleaning, periodontal maintenance removes tartar buildup from the teeth. Unlike a normal, preventive cleaning, periodontal maintenance is a treatment prescribed to combat periodontal (gum) disease. It involves both scaling and root planing, meaning tartar must be removed from deep between the teeth and gums.

### Periodontal surgery

Consists of three different potential surgeries. Your dentist will determine which one is needed. The three different surgeries could be:

- **Gingivectomy**—The surgical removal of gum tissue. A gingivectomy is necessary when the gums have pulled away from the teeth creating deep pockets. The pockets make it hard to clean away plaque and calculus.
- **Gingivoplasty**—The surgical reshaping of gum tissue around the teeth.
- **Osseous surgery**—Removes diseased gum tissue and bone from infected sites within the mouth and stops periodontal disease from getting worse.

### Posterior/back teeth

Includes any teeth behind the canines but does not include the canine teeth.

### Protective restorations

The placement of a restorative material to protect a tooth and/or surrounding tissue. This procedure may be used to relieve pain, promote healing, and prevent further deterioration.

### Quadrants

Quadrants mean the four parts of your mouth. Your dentist sections the interior of your mouth into four parts for reference when providing treatment. The split is between the front teeth, split into upper right, upper left, lower right, lower left.

### Rebase denture

Rebasing may be recommended when the teeth of your denture are still in good condition and have not worn out in comparison to the denture base material. Rebasing is the process of replacing the entire acrylic denture base providing a stable denture without replacing the denture teeth.

### Reline denture

A denture reline is a simple procedure to reshape the underside of a denture so that it fits more comfortably on the user's gums. Relining is periodically necessary as dentures lose their grip in the mouth.

### Retreatment root canal therapy

Root canal retreatment is the removal of the previous crown and packing material left by a prior root canal, the cleansing of the canals, and the re-packing and re-crowning of the tooth.

### Root canal

A root canal is performed when the endodontist removes the infected pulp and nerve in the root of the tooth, cleans the inside of the root canal, then fills and seals the space. After completing a root canal your dentist will place a crown on the tooth to protect and restore it to its original function.

### Scaling and root planing

Scaling and root planing is when your dentist removes all the plaque and tartar above and below the gumline, making sure to clean all the way down to the bottom of the tooth.

### Scaling in presence of generalized moderate/severe gingival inflammation

The removal of plaque and stains from above and below the gumline when there is generalized gum inflammation. This procedure is for patients who have swollen, inflamed gums and bleeding on probing. This procedure is performed on the entire mouth rather than just one quadrant. It is also a higher degree of cleaning for patients with more advanced periodontal disease.

### Single tooth X-rays

Also sometimes referred to as a "periapical X-ray" a single tooth X-ray is one that captures the whole tooth. It shows everything from the crown (chewing surface) to the root (below the gum line).

### Tissue conditioning

Tissue conditioning is an effort to restore the health of the tissues of the denture foundation area prior to denture treatment.

# Notice of Privacy Practices

**This notice describes how health information about you may be used and disclosed, and how you can get access to this information. Please review it carefully.**

Tufts Health Plan values your privacy rights and is committed to safeguarding your demographic, medical, and financial information we may receive or collect when providing services to you. The information we collect includes protected health information ("PHI") and personal information ("PI"). PHI is information that relates to your physical or behavioral health condition, your health care, or the payment for your health care. PI includes information like your name and Social Security number. PHI and PI are referred to as "information" elsewhere in this notice.

We may obtain your information from a number of sources, such as through your enrollment in a plan or from doctors and hospitals who submit claim forms containing your information so that we may pay them for services they provided to you. We are required by law to maintain the privacy of your information. To support this, Tufts Health Plan has privacy and security policies for safeguarding, using, and disclosing information in compliance with applicable state and federal laws. All employees must complete annual privacy and security training, and access to your information is limited to employees who require it to do their job. Tufts Health Plan also requires its business partners who assist with administering health care coverage to you on our behalf to protect your information in accordance with applicable laws.

Tufts Health Plan is required to provide you with notice of our legal duties and privacy practices with respect to your information, and to follow the duties and practices described in the notice currently in effect. We may change the terms of this notice at any time and apply the new notice to any information we already maintain. If we make an important change to our notice, we will publish the updated notice on our website at [thpmp.org](http://thpmp.org).

## How We Use And Disclose Your Information

In order to administer your health care coverage, including paying for your health care services, we need to use and disclose your information in a number of ways. Tufts Health Plan maintains and enforces company policies governing the use and disclosure of information, including only using or disclosing the minimum amount of information necessary for the intended purpose. The following are examples of the types of uses and disclosures we are permitted or required by federal law to make without your written authorization. Where state or other federal laws offer you greater privacy protections, we will follow the more stringent requirements.

### For Payment

Tufts Health Plan may use or disclose your information for payment purposes to administer your health benefits, which may involve obtaining premiums, determination of eligibility, claims payment, and coordination of benefits. Examples include:

- Paying claims that were submitted to us by physicians and hospitals.
- Providing information to a third party to administer an employee- or employer-funded account, such as a Flexible Spending Account ("FSA") or Health Reimbursement Account ("HRA"), or another benefit plan, such as a dental benefits plan.
- Performing medical necessity reviews.
- Sharing information with third parties for Insurance Liability Recovery ("ILR") or subrogation purposes.

### For Health Care Operations

Tufts Health Plan may use or disclose your information for operational purposes, such as care management, customer service, coordination of care, or quality improvement. Examples include:

- Assessing and improving the quality of service, care and outcomes for our members.
- Learning how to improve our services through internal and external surveys.
- Reviewing the qualifications and performance of physicians.
- Evaluating the performance of our staff, such as reviewing our customer service phone conversations with you.

- Seeking accreditation by independent organizations, such as the National Committee for Quality Assurance.
- Engaging in wellness programs, preventive health, early detection, disease management, health risk assessment participation initiatives, case management, and coordination of care programs, including sending preventive health service reminders.
- Providing you with information about a health-related product or service included in your plan of benefits.
- Using information for underwriting, establishing premium rates and determining cost sharing amounts, as well as administration of reinsurance policies. (Tufts Health Plan will not use or disclose any genetic information it might otherwise receive for underwriting purposes.)
- Facilitating transition of care from and to other insurers, health plans or third-party administrators.
- Communicating with you about your eligibility for public programs, such as Medicare.
- Other general administrative activities, including data and information systems management, risk management, auditing, business planning, and detection of fraud and other unlawful conduct.

## For Treatment

Tufts Health Plan may use and disclose your information for health care providers (doctors, dentists, pharmacies, hospitals, and other caregivers) to treat you. Examples include:

- Our care managers providing your information to a home health care agency to make sure you get the services you need after discharge from a hospital.
- Quality improvement programs, safety initiatives, and clinical reminders sent to your primary care provider.
- Disclosing a list of medications you've received using your Tufts Health Plan coverage to alert your treating providers about any medications prescribed to you by other providers and help minimize potential adverse drug interactions.
- Receiving your test results from labs you use, from your providers, or directly from you, using the results to develop tools to improve your overall health, and sharing the results with providers involved in your care.

## For Other Permitted or Required Purposes

The following are examples of the additional types of uses and disclosures Tufts Health Plan is permitted or required by law to make without your written authorization:

- To **you, your family, and others involved in your care** when you are unavailable to communicate (such as during an emergency), when you are present prior to the disclosure and agree to it, or when the information is clearly relevant to their involvement in your health care or payment for health care.
- Sharing eligibility information and copayment, coinsurance, and deductible information for dependents with the **subscriber of the health plan** in order to facilitate management of health costs and Internal Revenue Service verification.
- To your **Personal Representative** (including parents or guardians of a minor, so long as that information is not further restricted by applicable state or federal laws) or to an individual you have previously indicated is your Designated Representative or is authorized to receive your information. Information related to any care a minor may receive without parental consent remains confidential unless the minor authorizes disclosure.
- To our **business partners and affiliates**. Tufts Health Plan may contract with other organizations to provide services on our behalf. In these cases, Tufts Health Plan will enter into an agreement with the organization explicitly outlining the requirements associated with the protection, use and disclosure of your information. The following corporate affiliates of Tufts Health Plan designate themselves as a single affiliated covered entity and may share your information among them: Harvard Pilgrim Health Care, Inc., Harvard Pilgrim Health Care of New England, Inc., HPHC Insurance Company, Inc., Tufts Associated Health Maintenance Organization, Inc., Tufts Health Public Plans, Inc., Tufts Insurance Company, CarePartners of Connecticut, Inc., and Point32Health Services, Inc. Group Health Plan.
- To your **plan sponsor**, when sharing information used for enrollment, plan renewal, or plan administration purposes. This is your employer or the employer of your subscriber if you are enrolled through an employer. When sharing detailed

information, your plan sponsor must certify that they will protect the privacy and security of your information and that the information will not be used for employment decisions.

- To **government entities**, such as the Centers for Medicare & Medicaid Services, the Health Connector, HealthSourceRI, or MassHealth, if you are enrolled in a government-funded plan.
- To provide information for **health research** to improve the health of our members and the community in certain circumstances, such as when an Institutional Review Board or Privacy Board approves a research proposal with protocols to protect your privacy, or for purposes preparatory to research.
- To **comply with laws** and regulations, such as those related to **workers' compensation** programs.
- For **public health activities**, such as assisting public health authorities with disease prevention or control and pandemic response efforts.
- To report suspected cases of **abuse, neglect, or domestic violence**.
- For **health oversight activities**, such as audits, inspections, and licensure or disciplinary actions. For example, Tufts Health Plan may submit information to government agencies such as the U.S. Department of Health and Human Services or a state insurance department to demonstrate its compliance with state and federal laws.
- For **judicial and administrative proceedings**, such as responses to court orders, subpoenas, or discovery requests.
- For **law enforcement purposes**, such as to help identify or locate a victim, suspect, or missing person.
- Disclosures to **coroners, medical examiners, and funeral directors** about decedents. Tufts Health Plan may also disclose information about a **decedent** to a person who was involved in their care or payment for care, or to the person with legal authority to act on behalf of the decedent's estate.
- To **organ procurement** organizations for cadaveric organ, eye, or tissue donation purposes, only after your prior authorization.
- To **prevent a serious threat** to your health or safety, or that of another person.
- For **specialized government functions**, such as national security and intelligence activities.
- Disclosures by employees for **whistleblower** purposes.

Other than the permitted or required uses and disclosures described above, Tufts Health Plan will only use and disclose your information with your written authorization. For example, we require your authorization if we intend to sell your information, use or disclose your information for marketing or fundraising purposes, or, in most cases, use or disclose your psychotherapy notes.

You may give us written authorization to use or disclose your information to any individual or organization for any purpose by submitting a completed authorization form. The form can be found at [thpmp.org](http://thpmp.org), or you may obtain a copy by calling Member Services at the phone number listed on your Tufts Health Plan ID card.

You may revoke such an authorization at any time in writing, except to the extent we have already made a use or disclosure based on a previously executed authorization.

## Your Rights With Respect To Your Information

The following are examples of your rights under federal law with respect to your information. You may also be entitled to additional rights under state law.

### Request a Restriction

You have the right to request we restrict the way we use and disclose your information for treatment, payment, or health care operations, to individuals involved in your care, or for notification purposes, including asking that we not share your information for health research purposes. We are not, however, required by law to agree to your request.

### Request Confidential Communications

You have the right to request we send communications to you at an address of your choice or that we communicate with you by alternative means. For example, you may ask us to mail your information to an address that is different than your subscriber's address. We will accommodate reasonable requests.

## Access Your Information and Receive a Copy

You have the right to access, inspect, and obtain a copy of your information maintained by Tufts Health Plan (with certain exceptions). We have the right to charge a reasonable fee for the cost of producing and mailing copies of your information.

## Amend Your Information

You have the right to request we amend your information if you believe it is incorrect or incomplete. We may deny your request in certain circumstances, such as when we did not create the information. For example, if a provider submits medical information to Tufts Health Plan that you believe is incorrect, the provider will need to amend that information.

## Receive an Accounting of Disclosures

You have the right to request an accounting of those instances in which we disclosed your information, except for disclosures made for treatment, payment, or health care operations, or for other permitted or required purposes. Your request must be limited to disclosures in the six years prior to the request. If you request an accounting more than once in a 12-month period, we may charge you a reasonable fee.

## Receive a Copy of this Notice of Privacy Practices

You have the right to receive a paper copy of this notice from us at any time upon request.

## Be Notified of a Breach

You have the right to be notified if there is a breach of your unsecured information by us or our business partners. We will provide you written notice via mail, unless we do not have up-to-date contact information for you. In these cases we will notify you by a substitute method, such as posting the notice on our public website. You may exercise any of your privacy rights described above by contacting Member Services at the phone number listed on your Tufts Health Plan ID card. In some cases, we may require you to submit a written request. Tufts Health Plan will not require you to waive your rights as a condition of the provision of treatment, payment, enrollment in a health plan, or eligibility for benefits.

## Whom To Contact With Questions Or Complaints

If you believe your privacy rights have been violated or you would like more information, you may send a question or complaint to:

**Privacy Officer**  
**Point32Health**  
**1 Wellness Way**  
**Canton, MA 02021**

Or, you may call our Compliance Hotline at **1-877-824-7123** or Member Services at the phone number listed on your Tufts Health Plan ID card. You also have the right to submit a complaint to the Secretary of the Department of Health and Human Services. You can find more information at [hhs.gov/ocr](https://hhs.gov/ocr).

Tufts Health Plan will not take retaliatory action against you for filing a complaint.

# Endnotes

<sup>1</sup>Reimbursement applies to emergency and urgent care situations only. You may be responsible for any copays that apply.

<sup>2</sup>\$150 is the total reimbursement amount each year (Jan. 1–Dec. 31) whether used for nutritional counseling, wellness programs, alternative therapies, massage therapy, fitness tracking devices and heart rate monitors, and additional types of fitness and health clubs, and classes.

<sup>3</sup>\$150 is the total reimbursement amount each year (Jan. 1–Dec. 31). This benefit does not cover costs for pre-packaged meals/foods, books, videos, scales, or other items or supplies. Discounts and services included in the Preferred Extras program are not plan benefits and are not subject to the Medicare appeals process.

<sup>4</sup> Discounts and services included in the Preferred Extras program are not plan benefits and are not subject to the Medicare appeals process.

<sup>5</sup>Discount is separate from covered benefit, see your Evidence of Coverage (EOC) available at [thpmp.org/documents](http://thpmp.org/documents) for details.

<sup>6</sup>ChooseHealthy is a trademark of American Specialty Health and used with permission herein.

<sup>7</sup>At participating facilities only. Discounts cannot be combined with any other promotion offered by Lasik or the location of service.

<sup>8</sup>Hearing aids and hearing aid evaluation must be with a Hearing Care Solutions provider.

<sup>9</sup>The plan is administered by Dominion Dental Services, Inc., which operates under the trade name Dominion National. Benefit limits apply. Cost share applies to non-preventive services. Services must be performed by providers in the Dominion PPO Network. Please refer to your Evidence of Coverage for more information.

<sup>10</sup>If purchased, the Tufts Medicare Preferred Dental Option replaces the embedded dental benefit included with your plan.

<sup>11</sup>Services must be provided by an in-network dentist.

<sup>12</sup>Not available in all counties.

<sup>13</sup>Comprises all your medical copays/coinsurance. Your out-of-pocket costs for covered in-network services will never exceed this amount.

<sup>14</sup>Additional telehealth services include Primary Care Physician Services, Specialist Services, Individual and Group Sessions for Mental Health and Psychiatric Services, Opioid Treatment Program Services, Observation Services, Individual and Group Sessions for Outpatient Substance Abuse, Other Health Care Professional (PAs & NPs), Kidney Disease Education Services, Diabetes Self-Management Training, Urgently Needed Services, and Physical Therapy and Speech-Language Pathology Services. \$0 copay for e-visits, virtual check-ins, and remote patient monitoring services; for all other telehealth visits, copay is the same as corresponding in-person visit copay.

<sup>15</sup>Rehabilitation Therapy includes Physical Therapy, Occupational Therapy, and Speech Therapy. You pay \$0 for a post-outpatient surgical procedure, physical therapy or occupational therapy consultation prior to discharge.

<sup>16</sup>You will only pay one copayment per day even if multiple services are performed. There is no copay for services performed and billed as part of an office or urgent care visit.

<sup>17</sup>Emergency care copay is waived if admitted to Observation or inpatient within one day for the same condition, in which case applicable Observation or inpatient copay applies.

<sup>18</sup>Medicare covers up to 12 visits in 90 days for members with chronic low back pain. 8 additional visits covered for those demonstrating an improvement. No more than 20 visits administered annually. Additional acupuncture coverage included as part of Wellness Allowance.

Representatives are available 8 a.m.–8 p.m., 7 days a week (Mon.–Fri. from Apr. 1–Sept. 30).
